

POL2012 Theories and models in political economy

Poverty and development

Marius Swane Wishman

ISS

14th November 2021

What went wrong in Africa?

- What is the **y**?
- What would a causal model look like?

What went wrong in Africa?

- What is the y ?
- What would a causal model look like?

- Why did governments choose policies that impoverished their citizens?
- Fruits of independence

- Why did governments choose policies that impoverished their citizens?
- Fruits of independence

- Why did governments choose policies that impoverished their citizens?
- Fruits of independence

Discussion

Zambian automobiles

Did the "Zambia's" of Africa in the 60-ties follow Reinert's advice?

- Why?
- To establish some political order and maximize private gains?
- Genuine attempt at development through evolutionary economics?

A delicate equilibrium

- Where did public revenue come from?
- What would Keynes say?
- Control regimes

A delicate equilibrium

- Control regimes

How Asia did it

- ▶ Land reform
- ▶ Manufacturing focus anchored in export discipline
- ▶ Financial manipulation to these ends

How Asia did it

- ▶ Manufacturing focus anchored in export discipline
- ▶ Financial manipulation to these ends

How Asia did it

- ▶ Land reform
- ▶ Manufacturing focus anchored in export discipline
- ▶ Financial manipulation to these ends

What is the theory?

Agriculture

- Land reform
- The perfect market
- "Gardening" - economies of scale in reverse
- A sturdy foundation

Agriculture

- Land reform

- "Gardening" - economies of scale in reverse
- A sturdy foundation

Manufacturing

- The usual suspects
- "Export discipline"

Manufacturing

- The usual suspects
- "Export discipline"

The short leash

- Control/manipulate financial markets to achieve the two previous steps
- What of monetary policy/exchange rates?

The short leash

- Control/manipulate financial markets to achieve the two previous steps
- What of monetary policy/exchange rates?

Why did the Asian chose differently than the African?
