*ABSTRACT*

This is the abstract. It is a superb summary of all things important!

## 1. Introduction

This is a paragraph.

## 2. Next section

### 2.1. This is a subsection

Here is some more text. I want the word **bold** in bold text. Of course you can have *italics* as well. Probably underscore as well. And of course, you can ***combine them!***

## Macros

This is a weird list

item

itme

item

## Better looking list

- Now
- the list
- looks like
- a list

A better way to do this is to put all the macros in a macro-file, and source it using .SO. Preferably at the beginning of the document.

Let us add some references (Alesina, 2011)!
